

Deciding when to stay home

And planning a safe return to Trinity School

Keeping children home from school when they are sick or when they have been (or may have been) exposed to COVID-19 is essential to keeping our school community healthy. Please refer to the following protocols to determine when your students should stay home from school. If you're unsure, please contact the school office for guidance.

If a student feels well enough during an illness-related absence, they may participate in school remotely until returning to campus
